

Client: Sir Robert McAlpine
Name: Kingswell Plot 10
Period: February 2017
Value: £170K
Location: Aberdeen
Works: Deck Waterproofing and Coloured Wearing Course

The Project

SL Construction Services were selected by **Sir Robert McAlpine** to install a protective waterproofing and anti-skid system to the new car park at the new **Prime 4 Business Park**.

The long service life and ease of future maintenance of the products used by **SL Construction Services** will provide a cost effective solution, complete protection and will reduce the car park's whole life carbon footprint.

The Works

SL Construction Services successfully installed **2572m²** of a Fully Reinforced Waterproofing System and **4995m²** of wearing course to the new car park.

The last operation was to apply all white lining to the new **Deck Waterproofing**.

The rapid application as well as the speed of the on-site team ensured that the work was completed ahead of time. **SL Construction Services** provided a comprehensive package of technical, planning and quality assurance expertise to ensure smooth project delivery.

Completion

Co-ordination of works were planned around other trades with good on site management and a direct skilled workforce from **SL Construction Services** providing flexible and assured safety and quality at every stage of the project.

The project has been completed ahead of time and on budget.
