

Client: Total Projects
Name: Milton Park
Period: August 2018
Value: £90k
Location: Oxford
Works: Deck Waterproofing and Coloured Wearing Course System / Lining

The Project

SL Construction Services were selected as Main Contractor to complete the refurbishment of the car park to include the installation of a new waterproofing and wearing course system.

The Works

SL Construction Services successfully installed **1703m²** of a Reinforced Waterproofing System. All lining was also completed in a single one stop shop package.

SL Construction Services provided an in house team of installation experts and management to oversee every stage of the installation ensuring the highest quality standards were met at all times.

The rapid application as well as the speed of the on-site team ensured that the work was completed ahead of time. **SL Construction Services** provided a comprehensive package of technical, planning and quality assurance expertise to ensure smooth project delivery.

Before

After

Completion

The rapid application as well as the speed of the on-site team ensured that the work was completed ahead of time. **SL Construction Services** provided a comprehensive package of technical, planning and quality assurance expertise to ensure smooth project delivery.

The long service life and ease of future maintenance of the products used by **SL Construction Services** will provide a cost effective solution, complete protection and will reduce the car park's whole life carbon footprint.
