

**Client:** West Berkshire Council  
**Name:** Northbrook Street MSCP  
**Period:** April 2017  
**Value:** £123k  
**Location:** Newbury  
**Works:** Concrete Repairs, Waterproofing, Re-Pointing

## The Project

**SL Construction Services** were selected as Main Contractor to complete a full refurbishment of the car park to include removal of existing waterproofing system, concrete repairs, resin injection and installation of a new waterproofing and wearing course system.

View of Old Deck.

## The Works

Early involvement meant works were phased and planned to ensure the system was not damaged as construction work progressed ahead of programme.

Scope of works involved the reinstatement of the **Wearing Course System** approx. **3654m<sup>2</sup>** of the existing car park and ramps, Concrete Repairs and Roof Re-Pointing.

All lining was also completed in a single one stop package.

Finished Application.

## Completion

The rapid application as well as the speed of the on-site team ensured that the work was completed ahead of time. **SL Construction Services** provided a comprehensive package of technical, planning and quality assurance expertise to ensure smooth project delivery.

The long service life and ease of future maintenance of the products used by **SL Construction Services** will provide a cost effective solution, complete protection and will reduce the car park's whole life carbon footprint.
