

Client: ISG
Name: Amazon
Period: July 2020
Value: £93k
Location: Weybridge
Works: Deck Waterproofing and Coloured Wearing Course and Lining Works

The Project

SL Construction Services were selected by **ISG** to install a protective Waterproofing and Anti-Skid system to **Amazon, Weybridge**.

The rapid application as well as the speed of the on-site team ensured that the work was completed ahead of time. **SL Construction Services** provided a comprehensive package of technical, planning and quality assurance expertise to ensure smooth project delivery.

The Works

SL Construction Services installed a spray applied, seamless waterproofing membrane to protect the car park from water penetration. A hard wearing, durable wearing course was then instated, providing an anti-skid surface to complete the **Reinforced System** approx. **2,400m²**.

The last operation was to apply all white lining to the new system.

Completion

SL Construction Services provided a high standard of workmanship and communication to complete the works on time and to the client's specification and satisfaction.

The long service life and ease of future maintenance of the products used by **SL Construction Services** will provide a cost effective solution, complete protection and will reduce the car park's whole life carbon footprint.
